

Planning Maths for Mixed Age Classes

Hosted by Sutton-in-Craven County Primary School

Led by Sharon Day of SharonDayMaths Ltd.

Wednesday 3rd July, 2019

There are many schools across North Yorkshire with mixed-age classes. The mathematics National Curriculum states specific requirements for the teaching of each year group. How do we balance the idea of age-related maths teaching with mixed-age classes? This course will support you with:

- ✓ how to find links across the age-group content in order to create Long and Medium Term plans
- ✓ how to create lessons, using a 'Low Threshold, High Ceiling' structure that meet the needs of your classes
- ✓ understanding knowledge and skills progression within each of the domains in the NC

There will be documents given to teachers to support with planning, including progression mapping and advice on how to use 'drip-feed' learning. There will be a morning session for teachers of mixed-age KS1 classes (and this can include Foundation Stage if your school requires this). There will be an afternoon session for teachers of mixed-age KS2 classes.

Sessions	Date	Time
Session for KS1 teachers	Wednesday 3 rd July	9:30 – 11:30 am
Session for KS2 teachers	Wednesday 3 rd July	1:30 – 3:30 pm

Venue: Sutton-in-Craven County Primary School, Bridge Street, Sutton-in-Craven, Keighley
BD20 7ES

Tel: 01535 633 064

The cost to each delegate, for each session, is £50

Places are limited, so to take advantage of this exciting development opportunity.
