

Pupil premium strategy statement – Sutton in Craven CP

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	206
Proportion (%) of pupil premium eligible pupils	12%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2022/23 to 2025/26
Date this statement was published	Dec 2022
Date on which it will be reviewed	June 2023
Statement authorised by	Anna Riley
Pupil premium lead	Jill Fletcher
Governor / Trustee lead	David Smith

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£30,775
Recovery premium funding allocation this academic year	£3045
Pupil premium (and recovery premium*) funding carried forward from previous years (<i>enter £0 if not applicable</i>)	£33,820
Total budget for this academic year	£33,820

Part A: Pupil premium strategy plan

Statement of intent

Our aim is that all pupil premium children should not be at a disadvantage compared to others. We will work to close gaps in knowledge and understanding, raise aspirations, ensure that pupils receive a full curriculum taught to a high standard and that all have the chance to experience opportunities that they may not otherwise have access to. We want to remove any barriers to learning they face and ensure their physical health and wellbeing are supported. Additionally, we want to take into account the needs of all vulnerable children within school and ensure we support their needs through this grant also.

High quality teaching is the key to progress for all pupils and most especially those who are disadvantaged. Through looking carefully at the needs of our most vulnerable pupils we have targeted our resources to ensure that they have the greatest impact on closing the attainment gap.

Our group of disadvantaged pupils is not large and is very diverse. As such, our approach is to personalise the support and intervention given to ensure the best outcomes for all. We have regular high quality professional discussion around the needs of these children and source research based ways of overcoming their barriers to learning.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	We know from our assessments the weaknesses in reading that our disadvantaged pupils have on entry to school. Ensuring all pupils, especially those from disadvantaged backgrounds acquire reading skills quickly through being taught systematic and effective phonics
2	Our observations back the research that disadvantaged pupils have gaps in their vocabulary. We want to close the vocabulary gap for disadvantaged pupils. We have noticed that this is affecting their comprehension skills in KS2.
3	Many of our disadvantaged pupils in Y2 and above lack confidence in the recall of basic maths facts. We want to ensure basic maths facts are secure and which then removes any barrier to further learning.

4	A number of our disadvantageded pupils suffer with low self esteem or poor attitudes to learning. Emotional support and mentoring can help overcome these issues.
5	We know that some of our pupils struggle to write at length. One factor is that not having a breadth of enrichment experiences can lead to barriers to writing at length. To overcome this we aim to develop pupils cultural and science capital through a wide curriculum.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
All pupils acquiring the phonics skills they need to be competent readers by the end of KS1	All pupils to pass their phonics screening by the end of KS1 (with the exception of those with high SEND barriers)
Puppis can read with understanding and have a rich vocabulary to use in their writing	Pupils are able to write at length and to a high standard with all disadvantageded pupils achieving ARE by the end of KS2
All pupils believe in themselves and value their learning.	Pupil questionnaire and staff observations show high levels of self-esteem and good attitudes to learning.
All pupils have a rich knowledge and a broad curriculum and access enrichment opportunities.	Pupils can talk knowledgeably about a range of subject using subject specific vocabulary and they enjoy learning.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 16,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Purchase and introduction of the Little Wandle phonics scheme	Phonics approaches have a strong evidence base indication a positive impact on pupils, particularly from disadvantageded backgrounds.	1

	https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics	
Training for staff on Little Wandle	Phonics approaches have a strong evidence base indication a positive impact on pupils, particularly from disadvantaged backgrounds. https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics	1
Development of the curriculum	We know that pupils deserve a rich knowledge based curriculum and our disadvantaged pupils gain even more from this. https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/963625/Research_for{EIF_framework_updated_references_22_Feb_2021.pdf	2,5
Ensuring pupils have access to the class novel.	Pupils reading for pleasure is a key indicator of future success in education. We want to remove any barriers our disadvantaged pupils face regarding this https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/284286/reading_for_pleasure.pdf	1,2,4,5

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £ 10,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Targeted school led tuition for identified areas of weakness	Targeted tuition at specific identified needs and knowledge gaps can be an effective method to support low attaining pupils or those who are falling behind. We believe that these a best delivered by staff the pupils already have a relationship with. https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition	1,2,3,4,5
Free access for disadvantaged pupils to after school enrichment opportunities.	We know that pupils gain so much from extra curricular activities both in terms of physical well being and mental well being. We are aiming to reduce the barriers that families may have in accessing these opportunities. https://educationendowmentfoundation.org.uk/guidance-for-teachers/life-skills-enrichment	2,4,5

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 7,900

Activity	Evidence that supports this approach	Challenge number(s) addressed
Financial support for school trips	We know that pupils gain so much from extra curricular activities both in terms of physical well being and mental well being. We are aiming to reduce the barriers that families may have in accessing these opportunities. https://educationendowmentfoundation.org.uk/guidance-for-teachers/life-skills-enrichment	2,4,5
Mental health support and mentoring for specific pupils	Some of our PP children lack resilience and need mental health support. https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/mentoring	4
Uniform grant on starting school	Self-esteem and fitting into your environment are really important for pupils starting out in school.	4
Well being support	Looking for opportunities to support families with any well being issues. Children need to be fed and warm to thrive.	1,2,3

Total budgeted cost: £ 33,900

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

We have analysed the performance of our school's disadvantaged pupils during the 2021/2022 academic year using statutory KS1 and KS2 data, phonics, MTC and internal assessments.

Data has not been published this year due to the COVID disruption but is available to schools.

Our findings show that across school there is a gap in attainment between disadvantaged and non-disadvantaged pupils of around 10% in reading and maths and 15% in writing.

Across school disadvantaged pupils made, on average, very similar progress, but slightly less than, pupils who were not disadvantaged. The % making the expected progress differed by 2% in R, 1% in writing but 5% in maths.

At the end of KS2 our disadvantaged pupils achieved better than nationally in reading and maths and just below in writing.

This is an improvement over time at KS2 and shows the effectiveness of our work across school. There is, however, continuing work to be done, especially around writing as this was most impacted by the pandemic. The gaps lower down school also appear to be influenced by the pandemic. We have a small cohort of children with very diverse needs so our approach of addressing barriers to individuals is effective in closing these gaps.

Intended outcome	Success criteria
Children have good Literacy skills in spoken language, reading and writing	All PP children in Y1 passed their phonics screening except for the 2 on tier 1 of SEND register Across school 76% of PP children made expected or better progress in reading and 80% in writing. At KS2 100% PP children reached ARE in reading and 67% in writing (National R = 74% and W = 69%)
Children are confident in maths skills	Across school 76% of PP pupils made expected or better progress

	<p>In MTC Y4 60% scored >20 , one has SEND needs in maths</p> <p>100% of PP children were at ARE at the end of KS2</p>
<p>Children have good levels of self esteem and resilience</p>	<p>PP children are well engaged in class and able to keep going when presented with challenges.</p> <p>Resilience is improving over time and teachers report that their PP children have good levels of resilience.</p>
<p>Children have a new life opportunities</p>	<p>We offered free after school clubs for our PP children last year. 11 pupils accessed these, we funded 124 sessions.</p> <p>All PP pupils went on school trips funded by school.</p> <p>Y3 and Y4 PP children had a free subscription to National Geographic magazine.</p>

Service pupil premium funding (optional)

<p><i>For schools that receive this funding, you may wish to provide the following information: How our service pupil premium allocation was spent last academic year</i></p>
<p>We do not currently have any pupils accessing service pupil premium. Those who start school with us are offered the uniform grant.</p>
<p>The impact of that spending on service pupil premium eligible pupils</p>
